BEAUTY AWARDS

We went straight to the pros and asked them to handpick their **FAVORITE** beauty products for your wedding day. BY JENNIE MA

SKIN

NIGHT CREAM

Luxury in a jar—this is an intense moisturizer. "This night cream is rich in antioxidants, vitamins C and E, retinol, hyaluronic acid and omega-3s—everything you need for a fresh, youthful face," says Marina Peredo, MD. You can use it on your face, neck and chest. Dermal Repair cream, \$120, SkinMedica.com

FACIAL MASK

This mask is a miracle worker. It unplugs all the dirt in your pores—yes that's right, even your stubborn blackheads. It also shrinks your pores, so less impurities can build up in them. "The zinc oxide soothes the skin and the sulfur heals it," says celebrity dermatologist Debra Jaliman, MD. Clarifying mask, \$37, Murad.com

SELF-TANNER

While most self-tanners are like lotions, this one has a gel base so it spreads more evenly (read: natural looking). "It doesn't streak or get blotchy and can last up to a week," says Paul Jarrod Frank, MD. Self Tanning Instant Gel, \$35, ClarinsUSA.com

EYE TREATMENT

"This is a light, nongreasy formula that intensely hydrates skin," says Elizabeth Tanzi, MD. Here's a list of its magical abilities: It smooths out wrinkles, calms down puffiness and reduces dark circles all while hydrating the delicate skin around your eyes. Lumière Bio-restorative eye cream with PSP, \$85, Neocutis.com

ANTI-ACNE

"I'm a big fan of multitaskers and this product covers breakouts while fighting them at the same time. The CC in this formula stands for clear and camouflage," says New York City medical and cosmetic dermatologist Francesca Fusco, MD. Anti-Acne CC cream, \$60, Hydroxatone.com

EXFOLIATOR

This is my go-to face polish. The sugar grains melt into your skin when you gently scrub, turning this exfoliator into a vitamin-C-rich mask. Because it's made of brown sugar and strawberry seeds, it smells good enough to eat! Sugar Face Polish, \$55, Fresh.com

FACIAL CLEANSER

While it works for all skin types (it's über gentle), "this face cleanser is ideal for oily skin. It contains willowherb, which is an anti-inflammatory agent that can calm down finicky and easily irritated skin," Jaliman says. It also doubles as a makeup remover. Purifying cleansing gel, Boscia, \$26, Sephora.com

BODY WASH

This gentle body wash is as pure as it gets, as it "softens skin, is not irritating and has no scent," Frank says. Sensitive Skin body wash with NutriumMoisture, \$5, Dove.us

DAY CREAM

"This easy-to-pump bottle contains alpha-hydroxy, vitamin E, vitamin C and SPF—all key ingredients for healthy skin," says dermatologist to celebs (like Kate Hudson) Gary Goldfaden, MD. Healthy Skin face lotion with SPF 15, \$11, Neutrogena.com >>

TEETH WHITENER

"The bleach within these strips deliver noticeable results within a very short period of time," says Gregg Lituchy, DDS, who works with stars like Heidi Klum. 3D Whitestrips 2-Hour Express, Crest, \$55, 3DWhite.com

TOOTHBRUSH

"This toothbrush cleans hard to reach places. It also comes with a great carry case, so it's easy to pack for the honeymoon," says Brian Kantor, DDS, who works on Penelope Cruz's smile. DiamondClean rechargeable sonic toothbrush, Philips Sonicare, \$240, Target.com

TOOTHPASTE

Not all toothpastes are created equal. This one "contains a dual silica technology that removes and prevents surface stains," Kantor says. Advanced Whitening toothpaste, Colgate Total, \$5, Drugstore.com

NAIL STICKERS

This isn't a typical nail sticker. These appliques are made of real nail polish, which means that they stay on much longer and don't create unwanted air bubbles. French manicure in First Love, \$10, InCOCO.com

It isn't too sheer, so you can actually see the color!

NUDE POLISH

"This creamy pink shade is pretty and neutral—the perfect wedding day color," Gheorghiu says. The formula is rich without being thick and clumpy. Nail lacquer in Kerfuffle, \$15, ButterLondon.com

CUTICLE OIL

This product might be new, but it's already gaining a cult following. "It's thick, very moisturizing and works on even the driest cuticles," says Ana-Maria Gheorghiu, Mariah Carey's go-to manicurist. Argan cuticle oil drops, \$15, OrlyBeauty.com

HAND CREAM

"While the consistency might be rich, this lotion applies very easily and has a smooth-like-silk feel. The best part though is that it lasts for a long time," says Jin Soon Choi, a celebrity (like Michelle Williams) and fashion favorite manicurist. Extended Moisture hand cream, Nivea, \$5, Drugstore.com

COLORFUL POLISH

If you're a bride who has an adventurous streak, opt for a fun, bright color for your nails (or toes!). "This gorgeous coral red shade is bright yet sophisticated and works for all seasons," says Gina Eppolito, manicurist to fashion mavens, including Sarah Jessica Parker. Nail polish in Geranium, \$8, Essie.com
