## **DR. PAUL JARROD FRANK** *THE HERO*

"When I first went into practice, I got involved in a philanthropic group through my professional society of dermatological surgeons that helped women and children scarred from physical abuse," says PFRANKMD ([pfrankmdskinsalon.com](http://pfrankmdskinsalon.com)) founder Dr. Frank. "I met many members of both the police force and the armed forces who also suffered, through professional trauma. Years later, I received my PBA State Trooper Surgeon Badge to use my professional services to help those who courageously risk their lives to protect and serve us."
